London, UK ([PRWEB](#)) October 09, 2017 -- The latest award from Corporate Vision Magazine is entitled "Best Sustainable Investment Firm CEO 2017." This is Schindler's second consecutive year winning this title from Corporate Vision. Some of the other awards this year include "Best Cleantech Equity Firm 2017" from Wealth and Finance International and "Advisory Firm of the Year 2017" from Finance Monthly Magazine, both based in London.

SAIL Capital over its 17-year history was a thought leader and pioneer in sustainability investing, and included significant challenges, but also invested in 14 pathbreaking portfolio companies, including WaterHealth International, which provides clean drinking water to over 7 million people worldwide daily.

SAIL has been exiting its venture capital portfolio since 2015 and moving towards an advisory model. "SAIL Global Advisors, LLC" is a new entity that focuses on advising other funds and family offices.

Corporate Vision writes: "Our winners are decided by a combination of votes gathered from our network of respected industry partners and our own rigorous in-house research, performed by our dedicated network of industry insiders and corporate specialists. Each award is carefully scrutinised, from a nominee's region to their performance over the past 12 months, their commitment to innovation, their methods and even their competition to ensure that only the most deserving firms walk away with one of our prestigious trophies."

Walter L. Schindler is an investor, strategist and lawyer who is internationally recognized as the Founder and Managing Partner of SAIL Capital Partners LLC. Walter is currently advising new clients on sustainable energy and water and other investment projects throughout the world.
